The Store That Saves You Money

Chevrolet Cars

Effective February 1st, the New Price of the Chevrolet Touring Car will be \$775, the Run-about \$760, f.o.b. Pincher Station.

The Chevrolet Motor Co. will fill orders at the old price—\$730.00—placed with us up to, but not after February the 5th. This is to protect those who have purchased for Spring, and others who were about to do so.

Cars ordered up to February 5th will arrive about March 1st, but should the weather then not permit of delivery, we will undertake storage until weather is fit, providing a deposit is made on car.

Some of the improvements recently added are, Castilever Springs in front, similar to those now on rear; Heavier Frame, which increases clearance of car two inches; Dash Lamp and Oil Gauge on Cow Dash; Baster Upholstery and Deep Cushions; Non-Skid Tires (in rear, as well as other minor improvements).

With the first carload of cars arriving here we will have a stock of repairs and parts complete to the smallest detail. This is a matter we are sure you will appreciate.

The Chevrolet is without doubt the IDEAL Car for the Foothills. Weight 1750, with 28 H.P. Valve-in-Head Motor. Three speeds forward insure you a speed of twenty miles per hour uphill or down with a full load.

Ask The Man Who Owns One

You will then have the best opinion obtainable. Get in touch with a Chevrolet owner by phone, if not convenient otherwise. Place Your Order Now and Save \$45.00, and Take Delivery When Weather Permits

R. W. Morgan, Pincher Station
Chevrolet Agent for the Crows' Nest Pass.

Direct From The Farm To The Consumer

Our Beef, Veal, Pork, Chickens, etc., are all fresh-killed Meats—all grown and slaughtered within twenty miles from here, and never saw the inside of a cold storage plant. This is why we can guarantee them good and fresh—"fit for a king to eat."

Tea Will Be Served.

School District Seeks Divorce

A meeting of the Blairmore School Board was held at the Town Hall on Wednesday afternoon, present Chairman W. A. Beebe, J. E. Gillis, S. Mason, J. F. Hunter and W. J. Bartlett.

The minutes of previous meetings were on motion approved as read.

The chairman reported result of his conference with the minister of education at Edmonton.

On the question being brought up regarding reverting to Village School District, the following resolution was passed:

"Resolved that the Minister of Education be requested to declare, pursuant to the provisions of Section 25 of the school assessment ordinance of the Province of Alberta, Blairmore School District, Number 028, to be a Village School District for the purpose of said ordinance and any assessment and taxation for school purposes thereunder.

"Further resolved, that a statement of the delinquent indebtedness of Blairmore School District No. 028 be forwarded to the said minister, with the request that he authorize a rate exceeding 8 mills on the dollar, but not exceeding 12 mills on the dollar, on unsubdivided farm lands situated in said district outside the boundaries of the Town of Blairmore.

"And that a copy of this resolution be forwarded to the said minister by the Secretary of the Board, with a request for immediate action."

The chairman reported having visited the school on January the 8th. At that time he found in Miss E. M. Fulton's room 36 pupils, in Miss K. B. Durrach's room 43 pupils, in Miss V. J. Keith's room 34 pupils, in Miss E. M. Foster's room 34 pupils, in Miss A. Fulton's room 37 pupils, and in the principal's room 14—an average of 33 to a room. It was further stated that since January the 8th, the enrolment in Miss A. Fulton's room had increased to over fifty.

The following accounts were duly passed: Christie's Bookstore \$25.15; West Canadian Collieries, for 67 tons of coal, \$157.50; D. A. Sinclair, \$1.30; Hartford Insurance Co., per J. A. McDonald, insurance premium \$104.00; F. M. Thompson Co., soap to clean the 1916 "sheet" \$1.80; Rocky Mountain Cement Co., ten months light \$10.00; George M. Hendry Co., supplies \$46.62.

The chairman announced that an order would be issued for a complete fire-alarm equipment for the school, estimated to cost in the neighborhood of \$10.00.

Mr. and Mrs. Thomas Allen, South Edmonton, announce the engagement of their second daughter, Bertha Louise, to the Rev. J. R. Geeson, B.A., of Forestburg, Alberta, the marriage to take place on Wednesday next, January 31st. Miss Allen was teacher at Frank and Hillcrest during 1915 and 1916, and is a sister of Mrs. (Rev.) F. T. Cook, formerly of Bellevue.

An interesting lecture was delivered at Central Union church on Wednesday night by Major Hay, of the Salvation Army, Edmonton. The lecture was illustrated by about one hundred and fifty lantern slides of war pictures.

Council Amends License By-Law

The regular meeting of the Blairmore Town Council was held last night, attended by Mayor Beebe and Councillors Lougace, Christopher, Evans, Ross, and McVey.

The minutes of previous meetings were on motion approved, and a number of small accounts, including that of J. E. Gillis, for services as solicitor in connection with tax enforcement proceedings in 1916, were passed for payment.

Several communications were read and dealt with.

Pursuant to notice given at previous meeting, a by-law to amend By-Law No. 4 received three readings and passed, whereby the following amendments were made effective in connection with the license by-law:

Sub-Section 3 of Section 28, that fee for resident bakers be \$50.00, and that the words "or agent" be added after the word "non-resident."

Sub-Section 4—that the fee for boarding houses be \$20, instead of \$15.

Sub-Section 12—that the fee for fruit and vegetable peddlars be \$20, instead of \$10.

Sub-Section 13—that the fee for non-resident grocers be \$50, instead of \$25.

Sub-Section 15—that the fee for peddlars be \$50, instead of \$25.

Sub-Section 17—that the fee for ice cream parlors be \$10, instead of \$5.

Sub-Section 18—that the fee for itinerant photographers (resident) be \$10 per annum.

Sub-Section 25—that the fee for non-resident milk vendors be \$20, instead of \$15.

Sub-Section 30—that the fee for resident milk vendors be \$15, instead of \$10.

That the fee for non-resident meat peddlars be \$50, instead of \$25.

When Tired and Nervous

If the end of the day finds you weary or irritable, with aching head and frayed nerves, you need something to tone and strengthen the system.

BEECHAM'S PILLS

are a remedy which quickly helps in restoring normal conditions. They act on the stomach, liver and bowels, and so renew the strength and steady the nerves. A few doses of these world-famed family pills will

Bring Welcome Relief

Personal only to Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

Hunger is German King

Grave State of Unrest and Attacks By Socialists for War

Surfing

A special from London says that light on Germany's peace proposal is given in a violent Socialistic pamphlet from a German printer by name of H. G. It is a scathing attack of interest in a large section of Germany's civil population, naming various big cities such as Hamburg, Os-

buda, Berlin, etc. It denounces the war on Britain, France and Rus-

ia. The pamphlet points out that neutrals are now short of food, and even reduced in places to eating turnips themselves, thus lessening exports. In Germany and Austria the situation is even worse, for the people are unable to feed its own armies. It de- clares the German aristocracy, the wealthy and the food dealers, do not care for the people, who should be the masses, and says that the military and political leaders have been deluding the people with lies about victory. As their assurances about victory, in various German territories are lies, German levies quickly exhausted this food and now the people are starving in Serbia and

The indictment admits that Germany is able to continue the war for a while, but admits that the result is to add to the suffering of the soldiers of the battlefield, hosts of women and children, dead and starving. Now is the time for action to stop the war concludes the address, especially to all German Socialists to this end.

Minard's Liniment Cures Diphtheria.

The Value of the Blockade

Let us not under-estimate the value of the blockade. It has been a success in many, and her partners, while it is preserving the freedom of the seas for us and our allies, has been a success, subject only to the illegal and inhuman operations of submarines. Those under-water craft have not inflicted upon us any damage proportionately as did the frigates of last century during the ten years which separated Trafalgar from Waterloo. We have, moreover, placed our grip on the arena without drawing the arena in opposition to us a single neutral power. That is a great achievement. We have exercised with increasing success, a warfare on the seas, their sea-service such as has never been exercised before, and 1812 has not been repeated in our experience.—London Telegraph.

A visitor to an English training camp was greatly shocked at the appearance of the men. Turn where he would, black eyes and bruised faces were frequently frequent among the soldiers.

"What's been the trouble?" he asked his friend.

"Had a row with the next regiment, that's all," replied the corporal.

"What about?"

"The buglers set a sentry to watch their towel while it was out drying, and we felt insulted."—Youth's Companion.

"I say, keeper! I'm sure I hit that bird. Didn't you see the feathers fly?"

"Keeper: Yes, sir, and they took the bird with them."

Eddy's Matches

Although somewhat increased in price owing to the continued high prices of Potash, Glue, and other raw material, are of the usual high standard of quality which has made them famous for two-thirds of a century.

Always Ask for Eddy's Matches

Abolish Handkerchiefs For Hygienic Reasons

Dr. F. Robbins, of New York, Says Handkerchiefs Are Source of Infection

Dr. F. Robbins, a well-known New York physician, urges that the use of handkerchiefs be abolished, because he firmly believes it to be a source of infection long after a person has recovered from such diseases as infantile paralysis, and even common colds.

"The day will come," he says, "when the customary cotton rag, the handkerchief, will be a thing of the past. It is denoted by both Mann-Holmes' explanation that Britain is the cause of the famine and death, and a scathing attack of the inevitable result of the inaction of war on Britain, France and Russia.

The pamphlet points out that neutrals are now short of food, and even reduced in places to eating turnips themselves, thus lessening exports. In Germany and Austria the situation is even worse, for the people are unable to feed its own armies. It de- clares the German aristocracy, the wealthy and the food dealers, do not care for the people, who should be the masses, and says that the military and political leaders have been deluding the people with lies about victory. As their assurances about victory, in various German territories are lies, German levies quickly exhausted this food and now the people are starving in Serbia and

ignorance."

A Pill That Is Prized. There have been many pills made up for the market and given out with public attention, but none has endured so long as Par- melle's Vegetable Pills. Widespread and well known, they are the best, and have won the confidence of the public, and are responsible for the ultimate crippling of disease and ignorance."

To Many Breeds

Limiting the Breeds and Varieties to Suit the Locality

Rural New Yorker. At many of the country fair you will see a great many of the various breeds of stock, or too many varieties of fruit. The real business of the country will be in three or four breeds or varieties, and a dozen varieties. The best breeds are those best adapted to the soil and climate, and work should be concentrated in them. The best breeds in general are those of man for the breeds and varieties not suited to the locality. That will only call in a lot of "ingers" who will work with a country who will not be able to compete with the city.

Brother better off it is in which will interest the smaller breeders and the men with good taste. It is a good idea to see that a county is particularly well suited to producing the Jersey cow and the Baldwin apple, spend the money so as to bring out the best Jersey cow, and Baldwin apple rather than a lot of novelties and toys

Cereal Map.

When the "Pins of time" of peace return to this fair Dominion, the old cry of "Back to the land" which was so often heard before the war, will no doubt be renewed with tenfold vigor. Therefore there is a particular opportunity for Canada to set forth to the world the advantages of settlement within her boundaries. As a means to this end the Department of the Interior has issued a new edition of the Cereal Map which indicates specifically to the prospective settler interested in Western Canada the various species of grains which are being successfully cultivated in each township or district.

Simply has been the key-note in placing this information in concise form. For example-taking the four principal grains-when is indicated on the map by a red circle—by a green—barley by a yellow and flax by a blue. Numerals in each circle indicate the number of thousands of acres of the particular grain in each township. The advantages of such a map emanating from an official source, are obvious.

Copies of the publication may be obtained free, upon application to the Superintendent of the Railway Lands Branch, Department of the Interior, Ottawa.

Canada's Generosity

It used to be said in the days before the war that the British people underrated their Empire because they were unable to comprehend any value that could be expressed in terms of pounds, shillings, and pence. The reproach no longer holds good.

We have learned from the enthusiasm and devotion of the men of the Dominion that the meaning of the Empire needs to be expressed in terms of higher value. But even on that old world basis we are finding out week by week and month by month how much the Colonies are worth to the motherland.

This week, for example, the Province of Ontario has contributed a magnificent gift of \$250,000 to the "Our Day" effort in behalf of the Red Cross funds. And this is but an instalment of the \$400,000 which this one province of Canada is voluntarily subscribing to the splendid cause.

Canada's generosity is indeed inexpressible. For hospital equipment the Canadian Government contributed to begin with, £20,000. The women of Canada subscribed £60,000, of which £20,000 was to go to the War Office and the balance of the Admiralty for Haslar Hospital. These and similar contributions in addition to the splendid hospital equipment for the treatment of Canadian wounded which the Dominion has herself yielded.

There are other gifts and benefactions innumerable. How many people in this country are aware that Canadian help has been received towards the relief of distress in our east coast shipping restores. Yet that is so. A vast contribution of wheat given to that country by Canada was sold and the money devoted to this purpose. Now comes this magnificent gift from Ontario. And all this on top of a contribution of close upon 400,000 to the finest soldiers in the world!

(Think of what the well-informed London Mail says: "400,000 of the finest soldiers in the world," and here in Truro, a man who holds from old England, at the first of the war ridiculed the idea of Canadian soldiers being any good in that great fight. This man has learned that we are indeed "the finest soldiers in the world" for two years. He has learned that the Canadian soldier "saves the day" when the Hun comes to Canada and there was nothing to stop him. And he has before him another pillar, that the London Mail and minister, when it speaks of these Canucks being the "finest soldiers in the world!"—Ex.

out during the week, and did not contain
one word about the presidential election
in the United States, which happened
since the previous issue.

**The Visit of
"The Rosary"**

An Appreciation.

"The Rosary" has come and gone; and we have been charmed by the sweet influence of its presence. "Founded," indeed, "upon an emblem of purity," delivering its message under the inspiration of that sacred symbol which is honored and revered by all Christians, it could be none but such as those in whom the moral sense has been either blunted or stunted who would fail to respond to its appeal. Alike for the moral and spiritual benefit of all, and for the upbuilding of the excellent east, we have reason to remember long that which we have seen and heard. Not least among the memories of the occasion will linger the significant fact that there was no burlesque of religion. This is something which delights the heart in an age when we are all too frequently either nauseated or shocked by the frivolous treatment of that which is sacred. Too often, also, a clergyman is introduced on the stage merely to excite ridicule, but in the case of this delightful play the presentation of the manly and godly priest cannot do otherwise than command respect and reverence. And the play has done credit to something else. It is the presentation of some playrights, actors, and theatre-governments, that it is quite possible to have the very necessary admixture of rollicking, side-splitting fun without descending to the depths of coarseness and vulgarity. "The Rosary" is, in fact, a wholesome blending of the serious and the lighter aspects of life; and it is in marked contrast to the absolute rubbish which is so often presented on the stage, and in which, in no one but the merest "pinhead" can scents either of wit or wisdom. It is by having a greater output of this stamp of play, and by giving the product generous and appreciative support on the part of the public, that the stage will be elevated to that high mark which those of us who love the art would wish to see it placed.

—E. H. GRAY.

**Diary of a
German Family**

We had our morning sausage at a quarter after eight. Up and down until twelve o'clock we had our "Morning Hat"; and up and down until the bell proclaiming dinner hour to dinner. Mein Vater he is best at it; he leaves no common dine. Und after dinner's ended, den works again begin. Und during the "Hymn of Hate" till the clock at half-past runs. Although our throats are mighty hoarse, we're Schermers to der core, and sing "Deutschland über Alles" till a quarter after four.

Und den mein Vater, he turns on der bright electric lights.

Und we start to eat our supper, cursing England "twixt der bites."

Den der family, dely all kned down to

to say derceing prayers,

Und pray "Gott sei England," le fore god go upstair.

Den we go to bed and sleepers until der rising of der sun.

Mit a gratifying feeling do our duty has been done.

Local and General

William Henson, of Macleod, has been killed in action.

Through the blowing up of a munitions factory near London, England, last week, about 1,000 persons are left homeless.

Rumor has it that a house similar to that just completed for J. M. Windsor will shortly be erected on the west banksite by the West Canadian Collieries Co. for Dr. R. K. Lillie, who will make his home and headquarters here.

A number of local dance artists are talking in splendid terms of the time they had at the Burn's anniversary ball given at Coleman last night. Coleman is always a leader in the matter of social entertainment, and is ever becoming more popular.

Dr. R. K. Lillie, dentist, of Coleman, and McKeon Hunter, who is also an inhabitant of that part of God's universe, were in the Metropolis today. We asked the doctor if he knew anything about the bible or heaven, to which he replied that this was only his third visit to the latter place. He claims that life is really heaven with a Chevrolet and has ordered one to be delivered on or about March 1st. Mr. Hunter is just recovering from injuries recently sustained in the mine at Coleman, and hopes soon to be at work again.

A Chevrolet agent boasts of his car accomplishing the remarkable feat of going up hill with a load at a certain speed. Get that, nothing. We once knew a 1914 Ford to climb the Summit from B.C. with "four loads."

Must Have Been Asleep

An issue of the Coleman Bulletin can-
out during the week, and did not contain
one word about the presidential election
in the United States, which happened
since the previous issue.

OCTOBER 10, 1916.

Bellevue Happenings

Fred Link was in from Beaver Mines on business.

Alfred Turner has started to work at No. 2 mine.

Mrs. H. Harrison is on a business trip to Calgary.

Mrs. W. Cole was visiting at Frank on Thursday.

H. Brier paid a business visit to Calgary this week.

Mrs. Gathorne paid a business visit to Macleod this week.

Frank Bosley returned home again on Thursday morning.

Mrs. A. Martell, of Hillcrest, was a visitor here on Wednesday.

Mrs. Hugh McVicar, of Hillcrest, was visiting in Bellevue on Wednesday.

Mrs. A. Murray and Mrs. James Cousins were visiting in Blairmore on Thursday.

John Christie left this week for Esquimalt, B.C., where he will join the navy.

A number of Bellevueites attended the dance at Hillcrest on Thursday night.

Bill Weldon has started to rebuild the pool hall, which was recently blown down.

Mrs. J. B. Rudd, who had been confined to her home for a few days, is able to be around again.

The ice house has been moved from the rear of the Bellevue hotel to Gyr & Smith's meat market.

The liquor store has been converted into a school room, and classes are now in operation there.

The quarterly official board of the Methodist church held a meeting at the parsonage on Wednesday, the 2nd of January.

E. Roberts and family went out to Arrow Park, B.C., this week, to attend the funeral of Mrs. Roberts' father, who died recently.

Cowley Happenings

C. N. Cyr has returned, after visiting in Ottawa for some time.

Mrs. F. White and Mrs. Wilson are visiting in Calgary at present.

H. A. Stontenburg and wife have returned from an extended visit to B.C.

Colin Buchanan has returned from Utah, bringing his bride with him.

BORN—On Sunday, January 21st, to Mr. and Mrs. Bundy, a daughter.

The U.F.A. will give their annual ball on February 2nd in the town hall.

Mrs. John Rhodes and her sister, Miss S. H. Pettit, have gone to Spokane for a visit.

Mr. and Mrs. F. A. Tustian have gone to Iain Springs to spend several days visiting with friends.

W. H. Connor returned from Lethbridge in his new Chevrolet car, which he purchased while there.

Mrs. W. E. Tustian gave a special evening at her home on Wednesday, aid in aid of the Presbyterian church. A splendid time was had and a nice little sum collected.

The Women's Institute have made up another shipment of provisions for the soldiers at the Oden House, Calgary, this being the first shipment of this order sent there this year. Four shipments of provisions were sent to this house last year by this institute.

It has been circulated around here different times that A. W. Hart had been killed or died of wounds. These reports must have been false, as word has been received recently from members of the 192nd battalion, stating that they had met Mr. Hart in France and that he is alive and well.

The attendance at the Farmers' Convention at Edmonton this year

is under the average in number. Tom Shepherd was the only gentleman who went, and we trust that under his chaperonage the four ladies from Cowley will enjoy their trip. The ladies attending are Mrs. Latte, Mrs. Hodgson, Miss Gilbert and Mrs. Nelson.

A public meeting in the interest of the Patriotic Fund will be held in the Cowley hall, Sunday afternoon at 2 o'clock, January 25th.

Messrs. Tweedie and Carson, of Calgary, will be present and give full information in regard to the Fund and how it is handled.

It is hoped that everybody will turn out and welcome these gentlemen who have been induced to come here only after some urging as their time is well taken up.

A local branch of the Patriotic Fund has been established in Cowley, to look after the contributions and dependants in Township six, seven and eight, Range 1. The members of the committee are H. C. Morrison, W. E. Tustian, H. D. MacMillan, D. R. McIvor, M. A. Murphy and P. J. Biddell; Mr. Tustian being president and Mr. Biddell secretary treasurer. All subscriptions for the Fund from this district should be handed to the latter gentleman. The committee has met with success since its organization and expect to be able to hold up their quota.

Anglican Church

Service Sunday next will be at 11 a.m., conducted by the Rev. H. Clay, to be followed by a service of Holy Communion.

There was a good attendance on Sunday morning last, on the occasion of the memorial service to the late Joseph Gibson.

The service was most impressive. Rev. Mr. Clay made sympathetic reference to the deceased and his connection with the church. His address was based on "The Resurrection" and he pointed out that Christian sorrow must always be tempered by hope.

Sunday School at 2:30 p.m.

It Pays To Advertise

Town Will Collect Business Tax

Pursuant to notice given at previous meeting, the Business Tax By-Law was introduced at last night's meeting of the Blairmore town council and passed its third and final reading, and will immediately become effective.

Notice to Water Consumers

At the regular meeting of the Blairmore town council last night, the following resolution was passed:

"Mr. Vev-Evans—That all water connections be cut off where consumers do not pay or comply fully with regulations, and the Chief of Police is instructed to take immediate action."

Frank Happenings

In regular meeting of the local Red Cross branch was held on Thursday afternoon.

Frank's Patriotic Fund committee now comprises two ve gorians and three ladies.

Capt. and Mrs. P. J. Haddad, of the Frank's Patriotic Fund, were in Edmonton last week end.

Bro. Haddad came up from Bellevue last week end to assist at the local store of Jas. Haddad & Co.

A hard times skate will be held on the Frank's half-million dollar ring on Friday, February the 2nd, Cole, an band in attendance.

The power-house and officials players are thinking of buying a pair of extra thick socks to keep one of the officials' feet warm during a game.

Quite a number of Frank's dancing stars are already preparing costumes for the masquerade ball to be held in Blairmore on February the 6th.

The ladies aid of the Methodist church will hold a sale of goods in the hall on the 14th of February, announcement of which will be found in another column.

Rev. Father Beaton, who for the past two years or more has been in charge of Roman Catholic mission work at Bellevue and Frank, is leaving this week for a new field at Port Alberni, B.C.

At a meeting of the local committee of the Patriotic Fund, held last night, it was decided to publish a list of contributors and non-contributors to the Fund, save to appear in the columns of this paper in the very near future.

In a few weeks' time a minstrel party will entertain the people of the district in the Methodist hall to a musical and comical treat. By all accounts, this will be one of the best shows seen around. The pass for some time. Full particulars will be announced later, as to date, etc.

At the annual meeting of the ratepayers held in the Methodist hall last week, W. H. Hilton was elected to fill the vacancy created by the expiration of term of A. L. Blais as school trustee. Mr. Hilton will serve a term of three years. The first meeting of the 1917 board was held on Tuesday evening of this week, the following members being present: Chairman C. J. Tompkins, W. T. Young, W. H. Hilton and I. Wilson, secretary.

The big hockey game between the power-house and officials team was pulled off on the local rink on Wednesday night and drew a good crowd of spectators. Messrs. A. Crawford of the officials, and G. Fairhurst of the power-house, proved themselves "stars" of the first water. During the game, among many other beautiful decorations, Messrs. Naylor, Tristram and Hilton occupied prominent positions on the fence for having perpetrated foul play. The offi-

Re-Creation of Music—not merely its Reproduction

Thomas Chalmers, the famous baritone of the Boston National Grand Opera, is not listening to himself. He is singing, note by note, in direct comparison with Edison's marvellous Re-Creation of his voice.

Two Hundred Thousand Music Lovers

in the principal cities on this continent have listened to this direct comparison, and have been unable to distinguish between the living, breathing voice of the singer and Edison's wonderful Re-Creation of it.

The NEW EDISON

Re-Creates all forms of music with absolute fidelity.

It is not a talking machine. It does not merely reproduce sound. It Re-Creates music. In this respect, it is—the greatest critics have pronounced—the world's most wonderful musical instrument.

Come To Our Store We want you to enjoy Mr. Edison's Re-Creations of the gems of the world's great artists. We will arrange an Edison musical for you.

icals went down to defeat to the air of 8 to 5. Const. Uffelman acted as referee; A. Sherring as judge of play, and Messrs. W. T. Young and J. Murphy as goal umpires. As a result of the game the net sum of \$27 was divided equally between the Red Cross Society and the Patriotic Fund.

A Blaimeore lady tried to gain admission to the hockey game on Wednesday night on the following ticket:

MISCELLANEOUS CONCERT to be given in the Workers' Hall, Bellevue, Friday, December 18th, 1916. Proceeds to be divided between the Red Cross and Church. Ticket 50 Cents

A sympathetic young gentleman of Frank, however, came to the rescue and paid the required fee, otherwise she would have had to trudge home without being privileged to see the game.

Don't Have Catarrh

One efficient way to remove catarrh is to eat it in its cause, which in most cases is physical weakness. The system needs more oil and easily digested liquid-food, and you should take a spoonful of

SCOTT'S EMULSION

after each meal to enrich your blood and help heal the sensitive membranes with its pure oil-oil properties.

The results of this Scott's Emulsion treatment will surprise those who have used irritating smuts and vapors.

Sailing Craft Comes Back

The Windjammer, Once Relegated to Oblivion, Is In Demand

It was not so very long ago that, any reference, either written or spoken, concerning sailing vessels was an abomination in itself. The "windjammer" was the synonym of craft, obsolete and hopelessly worthless.

They had been driven home from the seas by the faster moving and more powerful sailing vessels, which, as white elephants on their owners' hands until they should rot or rust, their way was safely into Davy Jones' locker, and be forgotten.

Then came the war in the Civil War, and the jump in ocean freight rates.

Things changed. So much so in fact that the world's "windjammer" of three years ago was suddenly made for its owners. "Anything that will float safely" is the watchword in the maritime world. The sailing ships of all nations have come down a "come back" that probably never been surpassed in any industry.

Such vessels no longer change hands for a few thousand dollars.

They represent hundreds of thousands and no one is particularly desirous of turning loose his ship.

And, as far as the world's fifty years ago turned out the fastest sailing vessels plying the seas are again active after lying idle for decades—Galveston News.

BABY'S OWN TABLETS
USED TEN YEARS

Mrs. C. E. Stillwell, Wethersfield, writes: "I have used Baby's Own Tablets for the past ten years and have found them to be the best medicine for babies. I have given a box to the Tax office on hand. Once a man has used them for his little ones he would use nothing else. They are absolutely free from opiates and injurious drugs and cannot possibly do harm to the young child. They are sold in medical dealers by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Reinvesting Profits

Modern Dairying Need No Longer Mean Drudgery

If the dairy was been profitable during the last season, and it probably should be reinvested in the equipment of the plant and the complement of cattle, unless the business is to be expanded, per cent. profit in the regard is not to be had.

It is the probability of practical information along this line has made possible the maximum of profit, and with market prices, we shall make little progress or profit in the development of our live stock trade.

Moreover, thousands of lambs have regular, high prices in the case of Buffalo, and other U.S. Points in the fall months, at the price then current, while many carloads have been imported in the winter months, elsewhere, the customary high level of the spring market. Do we really prefer to sell cheap and buy dear? Whether the live lamb market is the best or the best in the West, or the best of the West, will represent a losing business for our farmers. Until we are able to regulate the market, and with market prices, we shall make little progress or profit in the development of our live stock trade.

For years all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm External, the best remedy of the kind that can be had.

Bird Treaty Ratified

Ratification of the treaty between Great Britain and the United States for the protection of birds on both sides of the Canadian boundary, which was signed August 16, was exchanged at the State Department by Mr. G. W. Steele, U.S. Ambassador Springfield, and Secy. of State of Lansing. So far as is known, it is the first treaty of the kind ever negotiated.

Coarse Grains and Roughage are Good Feed

More Profitable to Feed Stockers Than to Let Them Go Cheaply

The large volume of exports of stockers and feeders has not been a serious consideration. This business has apparently grown up since the advent of herd laws, when home-steader and farmers have largely found themselves in the summer and early fall, short of grass. As a result, large numbers of young two-year-old stock have been damped on the market at a price which prices tend ordinarily to about the level of the year. Unfortunately in this movement, grew, there did not develop any particular demand for the market, and it could not be maintained, therefore, it would seem to have meant disaster to our cattle business had there not sprung up an attempt to meet the demand for cattle in Minnesota, North Dakota, Montana, and other States in the U.S. In 1915, there were exported from Vancouver, Canada, 1,000,000 bushels of grain, of which the number 96,499 bushels. Of this number probably 90 per cent. were stockers and feeders. At least such was the proportion as between these and the other classes of cattle, which were 100,000 bushels.

Then came the war in Europe.
